Skill Enhancement Course

4/UG-H/SEC 2: Report writing, Referencing and Review of Research Articles

Credit-2; Full Marks-50

Course Objective:

Reading and writing academic prose is not the same as the performance of these activities in ordinary language, yet these are the skills that are never taught, except perhaps in tutorial systems (where they exist). This course will help the students in doing their future research work. Unlike most language courses that lean towards literature or functional skills, this is a crash course in survival techniques for developing literacy in academic language. It consists of a graded series of reading and writing exercises using 'real' texts from the social sciences that will enable students to tackle text-related tasks with confidence. There is a conscious attempt to generate synergies by mirroring the reading and writing exercises.

Course Outline:

- 1. Techniques for reading academic texts**
 - 1.1 Grasping the whole: How to get an overview
 - 1.2 Divide and conquer: Taking texts apart
 - 1.3 Getting outside help: Recruiting extra resources
- 2. How to begin writing academic prose**
 - 2.1 Building a structure: What do you want to say?
 - 2.2 Working with blocks: Sections, paras, sentences
 - 2.3 Borrowing material: Paraphrasing, quoting, citing
- 3. Referencing and Review of Research Articles**
