(M.Sc. in Botany; M.Tech. in Biotechnology)
Molecular and Applied Mycology and Plant Pathology
Laboratory, Centre of Advanced Study, Department of Botany
35, Ballygunge Circular Road
University of Calcutta
Kolkata- 700019

Outcome of the Seminar: Students get baffled by the future prospects after the end of their course. Keeping this question in mind, a webinar was organized on the Google Meet platform by the IQAC of this college, where renowned agricultural scientist Prof Dr Krishnendu Acharya, FICN enlightened students about the prospects of becoming an entrepreneur, involving themselves in agriculture business. He laid down strategies on how to make a living by practicing agriculture. The program was a huge success among the students as our college is situated in a remote area where agriculture is the most important source of livelihood among our students. The Vote of Thanks was given by Sri Rudra Sekhar Basu, TCS, GGDC, Chapra.
